

Invis Mx2

Clamps – Invisible – Detachable

The unique magnet-driven connection with an even higher clamping force!

60% higher clamping force
250 kg clamping force per
connector

Even more applications

**The MiniMag Mx2 drive opens or closes
the connection:**

Hammering sound = clamps

Rolling sound = open

The speed of the cordless drill must be **1200 - 1500 rpm**

- Powerfully joined workpieces
- Detachable in seconds
- Completely invisible

No openings | No protective caps | No filler | **A perfect look!**

Clamps

1. Clamp molded high-gloss painted parts or furniture without damage
2. Transport large living room furniture in pre-assembled parts and join them quickly on site
3. Install stair treads without glue waiting time
4. Prepare hand rails in the workshop and glue them on site without clamps

Invisible

5. Join and plaster substructures without needing to fill holes
6. Join separating walls without visible fixings
7. Transport furniture in parts and still assemble them invisibly
8. Open shelves with perfect aesthetics without visible fasteners
9. Install detachable wall panels quickly and invisibly

5.

6.

7.

8.

9.

Detachable

10. System furniture with option to add-on more elements

11. Disassemble large furniture to move

12. Quickly assemble and dismantle exhibition furniture

13. Join table legs without visible fasteners and unscrew them again if necessary

Drill

Drill with CNC,
stationary machine or drill jig

CNC | Rasto

Small distance for high clamping force

9 mm – max. 20 mm

Rasto Drill jig

(optional accessory)

- Precise drilling
- No measuring or marking
- For any workpiece shape

- Use positioning pins as stops instead of measuring the hole position
- Insert the pins into the jig and drill the first workpiece
- Screw the drill bush into the opposite face of the jig
- Drill the second workpiece with the same pin position
- Transparency for perfect alignment to a pencil mark
- 180 positioning holes for many applications in many shapes and sizes

Furniture handle holes and 32 mm hole rows

Rasto Drill jig

Mono Kit
Art.No. 126001

In a Systainer:

- 1 transparent jig
- 4 Drill bushings Ø 5, 8, 10, 12 mm
- 3 Wood drill bits Ø 5, 8, 12 mm
- 3 Positioning pins
- 1 Fastening screw
- 1 Invis Mx2 spacer
- 1 Invis Mx2 insertion bush

Duo Kit
Art.No. 126002

In a Systainer:

- 2 transparent jig
- 8 Drill bushings 2xØ 5, 8, 10, 12mm
- 3 Wood drill bits Ø 5, 8, 12 mm
- 6 Positioning pins
- 2 Fastening screws
- 1 Connection rod
- 1 Invis Mx2 spacer
- 1 Invis Mx2 insertion bush
